We value the differences, needs and contributions a diverse workforce and client base represents. We are committed to building a client base and a programme of activities that reflects the diversity of our consumers and the communities that we serve.

We will implement this policy by ensuring equality of opportunity for all staff or clients to use our services as a basic right and will take such action as far as is reasonably practicable and may be deemed lawful, appropriate and necessary to ensure that all staff and clients enjoy equality of opportunity.

Equal Opportunities Policy

Further, the organisation will monitor the composition of the workforce and introduce positive action if it appears that this policy is not fully effective.

Clients

The nature and range of the activity provided by Salty Swims mean that some will be challenging and difficult to enable for some potential clients. Notwithstanding this we aim to make our services accessible to as wide a range of clients as possible and in order to achieve this will take steps to remove barriers which prevent potential audience, participants, clients or users from having equal access to the organisation's activities.
