

CLARITY

LIFE WISE

Life Wise created Clarity specifically to support healthy brain function and cognitive processing. Clarity is loaded with nutrients that feed and nourish the brain. Use this convenient oral strip before a business meeting, while at school or simply to help you get through that mid-day burnout or even long term brain fog.

KEY INGREDIENTS

- Alpha GPC- works to deliver choline to the brain, stimulating an important neurotransmitter that promotes cognitive health.
- Phosphatidyl serine- has many vital functions throughout the body's tissues and organs, but most importantly, it's a key building block for the billions of cells in your brain.
- Vinpocetine- is used to support brain circulation, alertness, cognitive function, concentration, and memory, as well as work as an antioxidant.
- Huperzine A- has the ability to support healthy memory performance. It does this by supporting healthy levels of acetylcholine.
- Citicoline- helps support healthy brain cell structure. In the body it works to protect the thin membrane that surrounds each cell.
