Handicap Ramp Completed

Pictured below is a recently completed ramp that was built for a Gladwin resident, 91 years old, who was having difficulty getting in and out of her house. Lions Tony, Chuck and Bill G. constructed the ramp on July 29th. District 11-E2 contributed \$500 toward the project. The ramp is 20 feet long and an 8' x 10' platform was added over the existing porch to get it up to door level. This is the 50th ramp project the club has completed.
