

# MicroREC

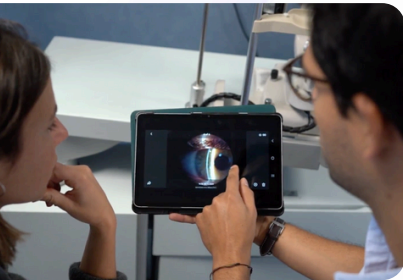

Custom Surgical

Your slit lamp or microscope, but smarter!

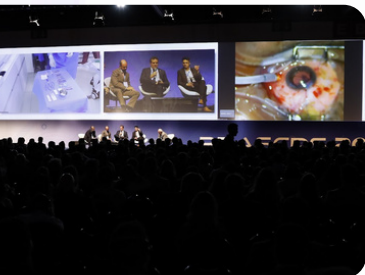

# Why You Need a **MicroREC**

MicroREC is an **optical system** that connects your smartphone camera to your microscope or slit lamp.

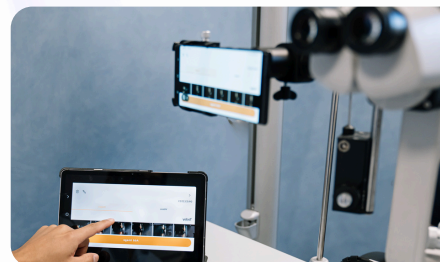

Improve **patient education**.

Be **always ready** to record what you need.

Record the **high quality** videos for your presentations.

Get all your recordings **automatically uploaded** on a GDPR Compliant platform.

# MICROREC MIGHT BE THE BEST OPTION FOR YOU

## BE ALWAYS UP TO DATE

Every time you buy a new phone, you will have an updated recording system.

## RECORD UP TO 4K

With the help of your phone, you'll always be updated with the best possible technology for video recording.

## FAST INSTALLATION

No need for engineers. You can attach it in less than a minute.

## HIGHEST COMPATIBILITY IN THE MARKET

## NO CABLES NEEDED

No need for engineers. You can attach it in less than a minute.

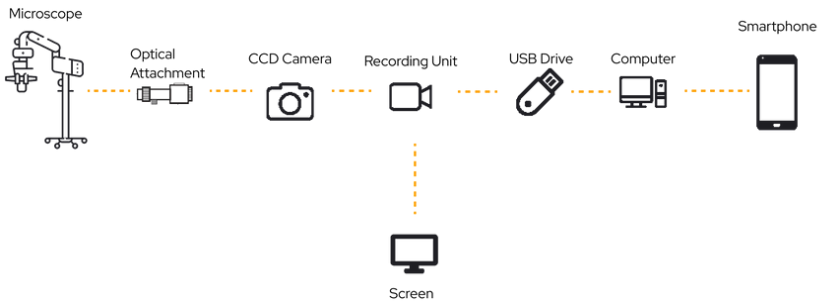

## LIVE SURGERIES OR ONLINE MEENTORING

No need of companies to create the environment to make it happen. Do it in seconds.

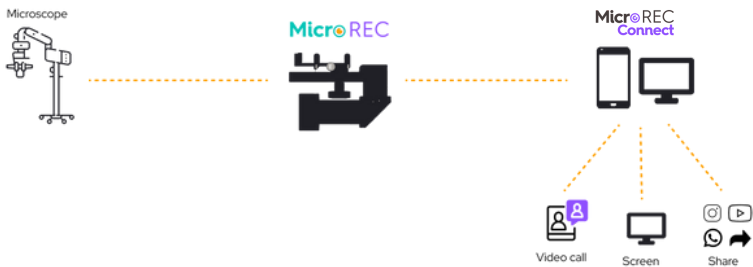

# IMPROVE YOUR WORKFLOW

## Without MicroREC

## With MicroREC

## EXPERIENCE OF THOSE WHO CHOOSE THE FUTURE

Ike Ahmed,  
Canada

Elena Barraquer,  
Spain

Martin Dirisamer,  
Germany

Ticiana de Francesco,  
Brazil

Designed and  
Made in Germany

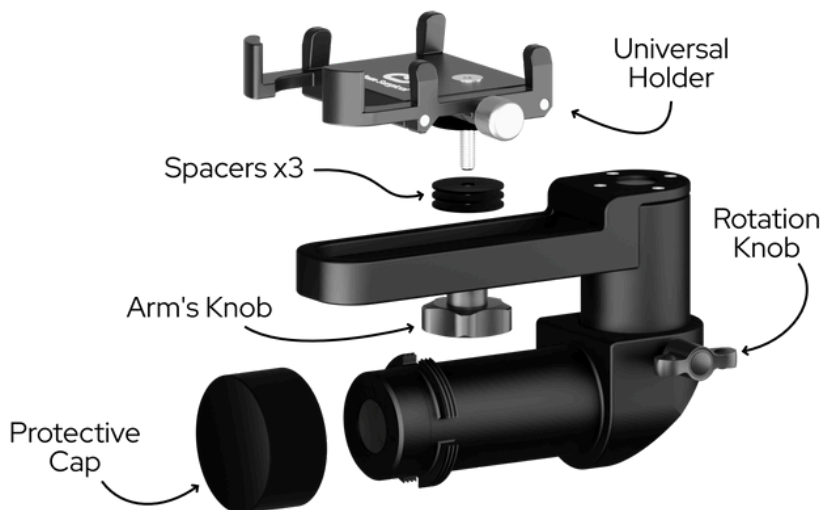

FDA  
Approved

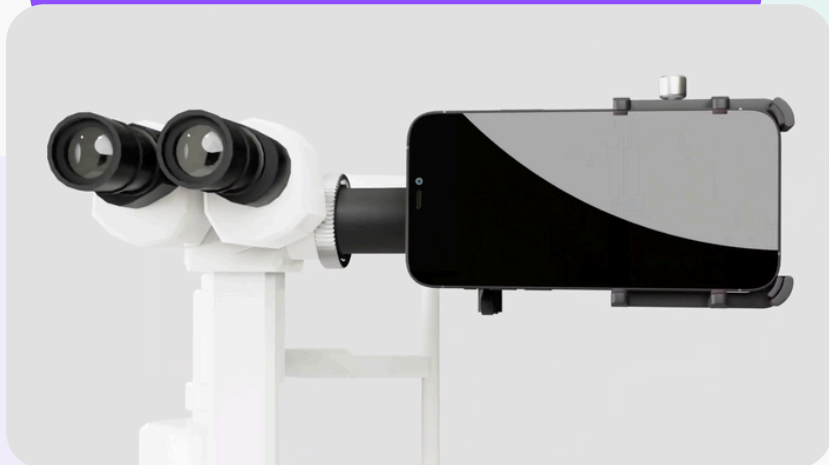

CE  
Mark

## What does it come in the box?
