PANICLES

Follow the fates of two families, one wealthy and powerful, the other blue collar, from a chance meeting at a Florida poolside, to the highest levels of politics and power. This sweeping saga of love, war, money, and power leaves each family weighing their duty to their family versus service to their country.

It all leads to a fateful choice—a sacrifice—which could change the course of history.

ABOUT THE AUTHOR

Richard's first novel, the award-winning *Love, Loss, and Lagniappe* was inspired by actual events in his life, and utilizes his Medical and Business School background to explore the journey of

self-discovery after heartbreaking loss, while revealing the scientific basis for the meaning of life. (You'll have to read it to find out!)

Richard's next novel, *Panicles*, explores the price of fame and fortune through the eyes of two families, one wealthy and powerful, the other blue collar, from a chance meeting at a Florida poolside, to the highest levels of politics and power. This sweeping saga of love, war, money, and power leaves each family weighing their duty to their family versus service to their country. It all leads to a fateful choice—a sacrifice—which could change the course of history.
