

Wheelchair-accessible Services

Timetabled wheelchair-accessible buses operate on selected trips throughout the Sydney Buses network. Wheelchair buses display the international blue and white wheelchair symbol on the front of the bus and on the doors where the ramp is extended to provide the wheelchair access.

Selected bus services connect with Sydney Ferries and CityRail services to extend the possibilities of travel.

High Frequency Wheelchair-accessible corridors

Due to the number of services along the major streets in the CBD, wheelchair-accessible buses come along very frequently and therefore you would not require specific timetable information. This also applies if you are travelling from the CBD to main corridors (Military Rd, Pittwater Rd, Pacific Hwy, Epping Rd, Oxford St, Anzac Pde, Parramatta Rd, Victoria Rd). For other areas, a timetable should be referred to in order to find what time wheelchair-accessible buses run.

Wheelchair-accessible timetables

Wheelchair-accessible buses operate on selected trips of the following routes. Please refer to our timetables for trip details. Accessible services are indicated in each timetable with the letter "a" against the relevant trip.

Routes		NORTH
