

## Changing the SySTEM 2023 Information Sheet

This camp is focused on **introducing gender minorities into the field of STEM**. Camp is open to middle school age kids (Grades 6-8). **Changing the SySTEM** is free of charge to campers. Our team will work hard to make sure that all campers enjoy and learn from the activities.

Campers will be split into 3 groups, with each group participating in various different activities. Throughout the camp, we will introduce a couple of women who work in the STEM field.

We will work to make sure that everyone's needs are met at camp. If your child has specific needs, please send us an email.

More information will be below around the general schedule. We will be sending an email a few days before camp with the groups and a specific schedule.

We will be providing a snack during camp, but we won't be providing lunch so please make sure your students have eaten prior to camp. All students need to wear close toed shoes and have any long hair tied back during camp.

We are very excited for camp and hope to see all of you there! If you have any questions or concerns please reach out to us at [frcteam3636@gmail.com](mailto:frcteam3636@gmail.com)

<b>Monday January 29</b>	<b>Campers need to bring/have</b>
