

WRITING OUR WRONGS

Write the Change. Speak the Change. Be the Change.

WRITE IT. SPEAK IT.

WE ARE WRITING OUR WRONGS

Writing Our Wrongs, Inc. is a non-profit 501 (c)(3) with the mission is to empower youth to activate their voice through writing and speech. We facilitate this mission by distributing pledge cards with affirmations to stand against social injustice and bullying. We offer two educational programs for grades K-12, and we organize community forums with civic and government agencies to address issues of social justice and anti-bullying.

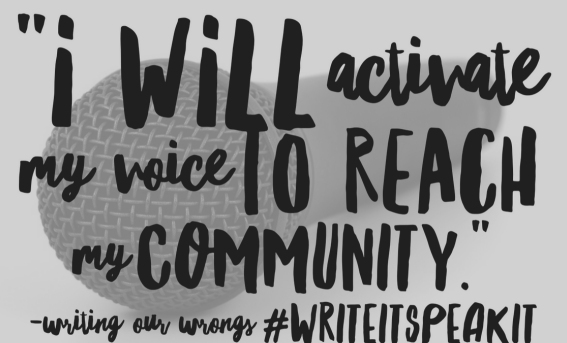

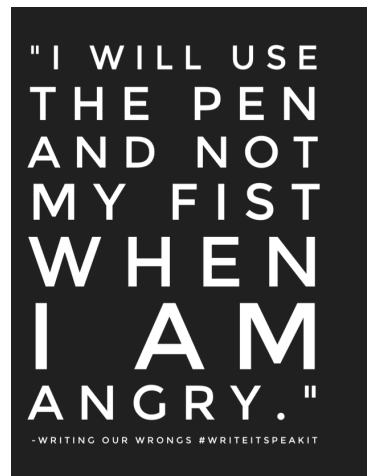

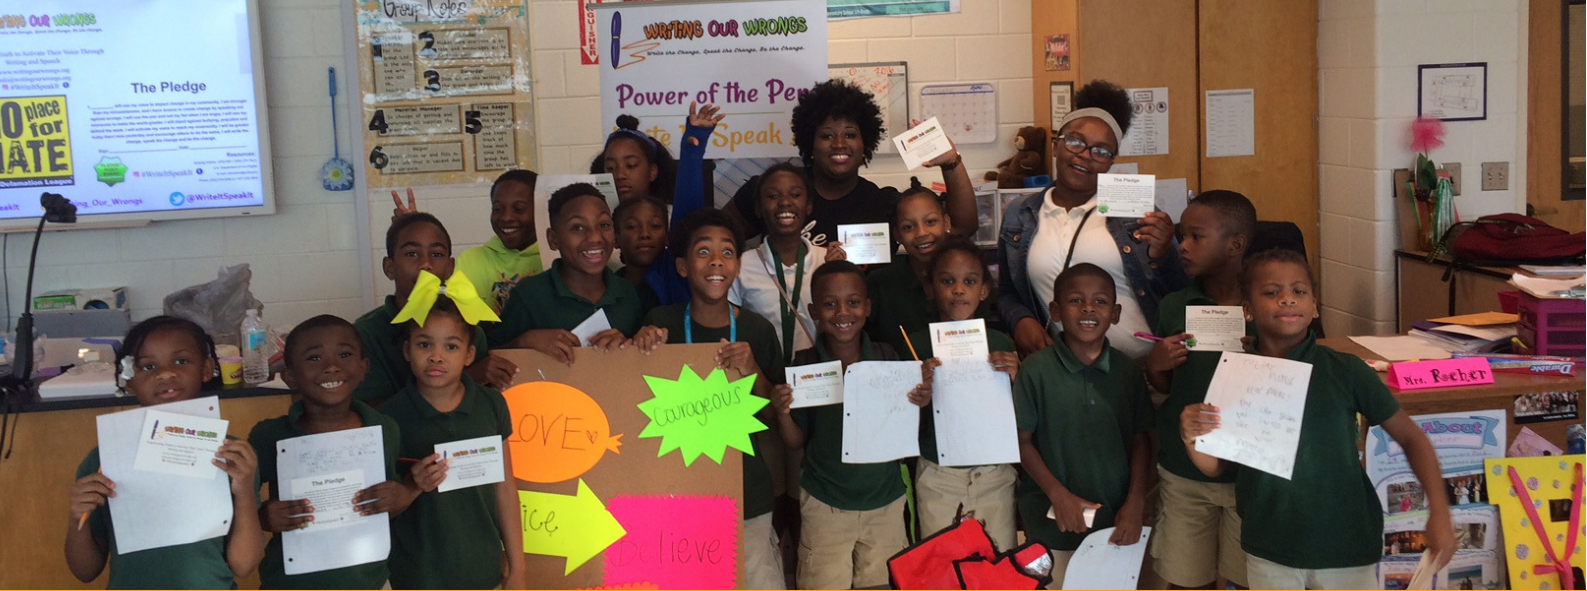

IT ALL STARTED WITH A PLEDGE...

In a world where life is often reduced to social media posts, videos and hatchtags, we saw a need for our youth to have a voice against the violence they encounter in their everyday lives and in the media. The Writing Our Wrongs Pledge Card was written as an affirmation to this generation.

It is with the pledge card that we uphold our mission, *empowering youth to activate their voice through writing and speech.*

The WOW Pledge is the heart of everything we do because it is the use of the written and spoken word to activate our youth to use their voice to reach the community and stand against bullying and all social injustice.

PROJECT-BASED LEARNING

We know that in education, we often learn by doing, and what better way to do, than to serve others. All WOW Programs incorporate an element of Project Based Learning so that our youth participants see the physical results of the message we carry. The "Kindness Letters," speeches, and artwork are all projects in our programming that infuse our message of anti-bullying and social justice to be shared with partner schools and youth organizations. In doing so, our youth participants are connected to giving in the form of written and spoken self expression that will greatly impact others and bring awareness of our causes

"I would highly recommend other youth serving organizations to connect with Writing Our Wrongs. I know this program has the ability to impact the lives of any youth that experience this program."

PROGRAMS

We offer two programs: **Power of the Pen** and **Write It. Speak It.** Our programs and services are provided to all grade levels K-12 and youth organizations with initiatives to educate youth on the dangers of bullying and bring awareness to social justice issues that effect their well being. We partner with all schools, organizations and entities that see value in the prevention of bullying and raising an informed and empowered generation to become responsible citizens by using their voice through writing and speech.

We have serviced and partnered with the following organizations through our programs and workshops.

IN OUR SCHOOLS

"Not In My School" Anti-Bullying Rally at Coretta Scott King Young Women's Leadership Academy

Our message is positioned to resonate with school assemblies and large groups to make a maximum impact. We offer services to speak at schools, organizations and community assemblies with a similar mission to excite and educate youth about the dangers of bullying and how they can be the cure to today's ills of social justice. School assemblies and rallies are a perfect place to partner with our organization as a sponsor to support their awareness of this issues.

LEADERSHIP

Our WOW Board of Directors each have over a decade of experience in serving the community through non-profit work. We have joined forces to utilize our collective voice and influence to expand the growth and sustainability of the organization by offering quality programs and resources. To see board member bios and learn more about the committees their chair, please visit our website at www.writingourwrongs.org.

WOW AMBASSADORS

We execute our service deliver model through our committees and ambassador programs.

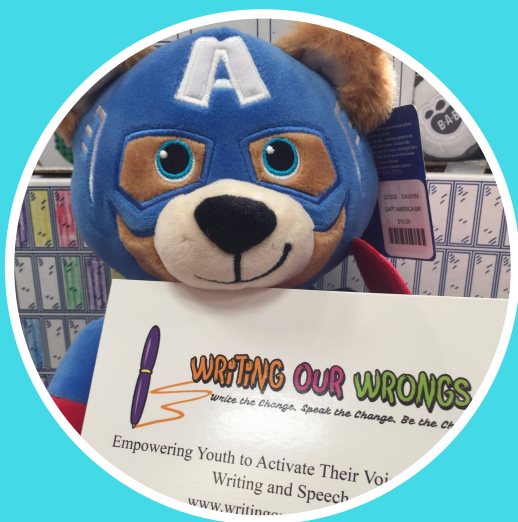

WOW Ambassadors are high school senior and college students who are trained by our team to facilitate the WOW Programs and establish chapters across the country. Your sponsorship will financially assist WOW Ambassadors with resources for program implementation and positions your brand to show your corporate responsibility to youth and community initiatives.

By joining our committees, you will witness the planning and execution of our vision first hand as we expand WOW nation-wide.
