INSTRUCTOR HIGHLIGHT

Eddie Manuel, instructor at our WCC location, fought tooth and nail for his education starting at an incredibly early age. Coming from an abusive family, starting work at age 11 and becoming homeless Eddie knew that education was going to be his way forward to the life he wanted. He finished high school and then his first degree from WCC in 1992.

His earlier struggles only fueled his desire and pursuit of education. He went on to obtain his Bachelor of Arts degree in Social Studies with a minor in Psychology from Bluefield College and pursued his Master of Arts in History at APU. Eddie has said about his desire for education “I had to do this, to prove to my parents that I was someone and prove them wrong!”

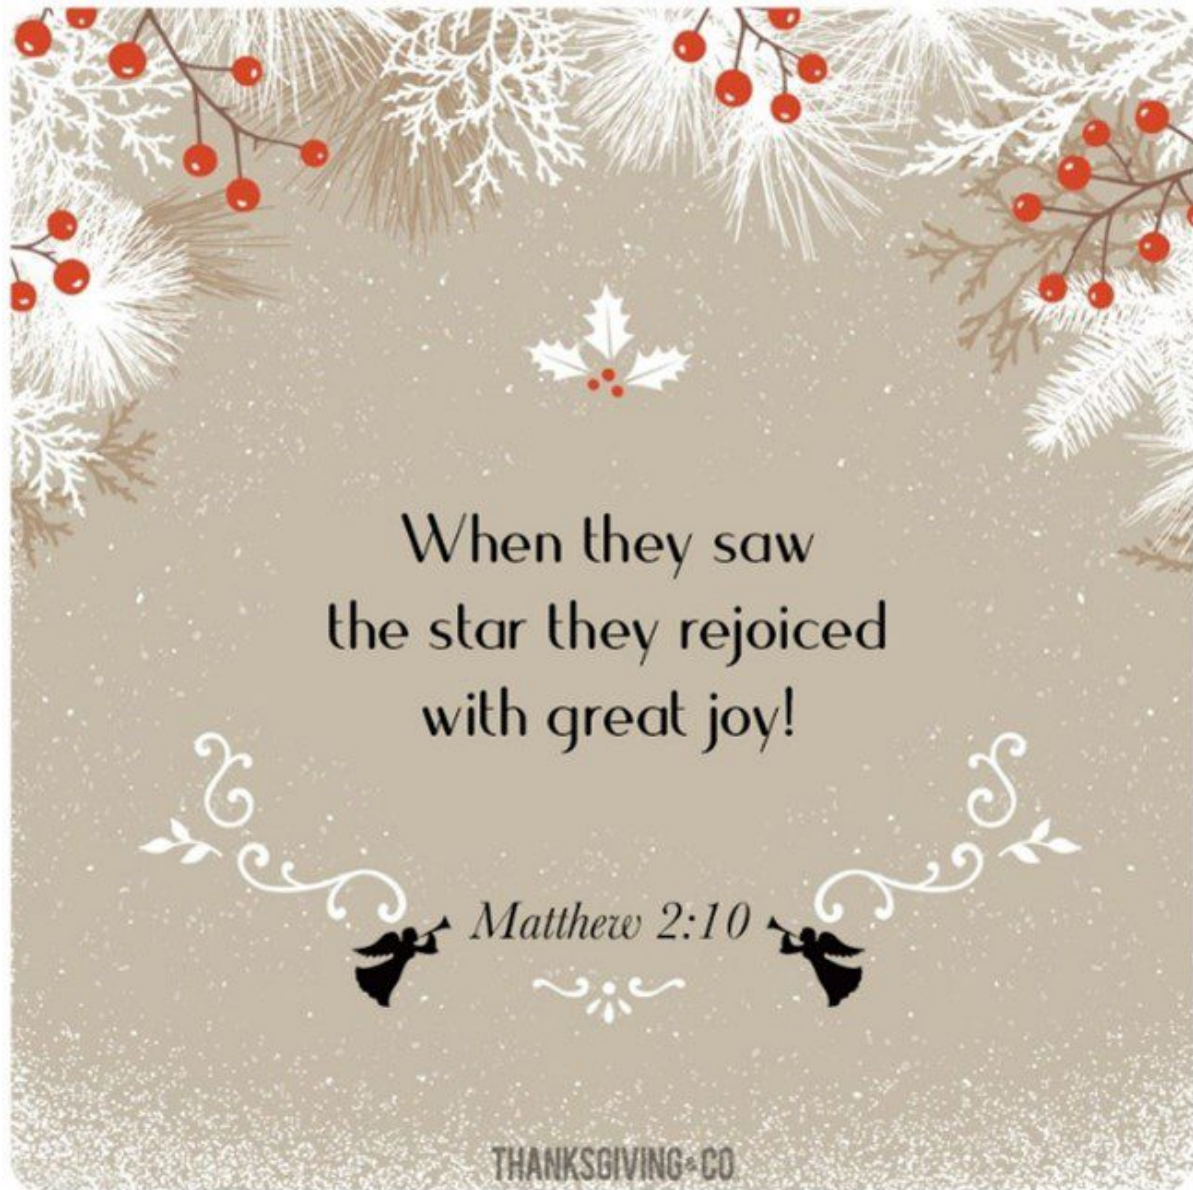

Eddie has worked with Wythe County Schools with GED® and Homebound students, Mount Rogers Community Health Systems as an in-home counselor, tutors WCC students in English, Reading Writing and how to study and also as an online professor for Grantham University of Missouri. He heads the MRRAEP Adult Education classes on Mondays and Wednesdays 10-1 at WCC.

Eddie hopes to inspire his students with his story and believes that no matter your background, current situation, or obstacles you can be successful!
