

Improvements to M-13 intersections begin Monday in Bay County

BAY CITY, Mich. - The Michigan Department of Transportation is investing approximately \$1.3 million to modernize traffic signals and upgrade sidewalk ramps at five intersections along [M-13 \(Euclid Avenue\) in Bay County](#).

County:

Bay

Highway:

M-13 (Euclid Avenue)

Closest cities:

Bay City

Start date:

Monday, Dec. 18, 2023

Estimated end date:

June 2024

Traffic restrictions:

Signal and sidewalk ramp upgrades will be done at the North Union, Midland Road, Jenny Street, Thomas Street, and Ionia Avenue intersections along M-13 as weather conditions permit this winter leading into spring. Drivers should expect shoulder and lane closures.

Crews will begin working on a portion of the project this winter and will wrap up work in spring. This work is weather-dependent.

Job numbers:

Based on economic modeling, this investment is expected to directly and indirectly support about 19 jobs.

Safety benefit:

This work will improve operations at the five intersections along M-13, while upgrading sidewalk ramps for pedestrians.
