### The Frankenlust Township Planning Commission

Where people live, work, and play, how they travel, and the quality of these experiences, depends in large part upon something few people ever think about: land use planning.

Though perceived as a strictly bureaucratic process, land use planning is actually a prelude to the dynamic rise of new buildings, triumphant growth of towns, proud continuation of farming, and even the inconspicuous but meaningful task of protecting property values.

Members of the Frankenlust Township Planning Commission have the civic responsibility of helping residents and business and property owners articulate and achieve a vision for how they want their community to look and function in the future. The Planning Commission is the primary entity responsible for long term, comprehensive planning, having the ability to put foresight into planning and development decisions.

Frankenlust Township Planning Commission Responsibilities Include:

- Develop and Adopt a Master Plan
- Perform Site Plan Review
- Conduct Special Land Use Reviews
- Other Functions

The Frankenlust Township Planning Commission meets the third Wednesday of every month at 7:00 p.m. Regular meetings and special meetings are posted at the Township Offices. The public is welcome to attend regularly scheduled meetings.
