A permit shall become invalid if work is not commenced within six months after issuance of the permit or if the work is suspended or abandoned for a period of six months after the time of commencing the work. A PERMIT WILL BE CANCELED when no inspections are requested or conducted within six months of the date of issuance. CANCELED PERMITS CANNOT BE REINSTATED. I hereby certify the electrical work described on this permit application shall be installed BY MYSELF in my own home in which I am living or about to occupy. All work shall be in accordance with the National Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the electrical inspector. I will cooperate with the electrical inspector and assume the responsibility to arrange for necessary inspections. **ALL PERMIT FEES WILL BE DOUBLED IF WORK IS COMPLETED WITHOUT A PERMIT. CLOSED, CANCELED, AND EXPIRED PERMITS CANNOT BE REFUNDED.**

Section 23a of the State Construction Act of 1972, Act No. 230 of the public acts of 1972, being section 125 of the Michigan Compiled laws prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or residential structure. Violators of Section 23a are subject to civil fines. A PLAN REVIEW may be required before work is started, on any building other than a single family dwelling less than 3,000 square feet, or wiring or alteration to an electrical system that cost more than \$10,000.00. I agree to abide by all requirements of the electrical code including calling for inspection before any electrical work is covered or used, and upon completion. I will accompany the inspector during the inspection.
