Helping Job Seekers Take Control & Land the Right Role—Faster

## Your Job Search Doesn't Have to Be a Struggle

Most professionals have never been taught how to get a job, so **your struggles aren't your fault**.

You were taught how to ride a bike, drive a car, and even play a sport—but no one ever showed you the right way to navigate today's job market. That's where I come in.

I'm Bob Dichter, a **career coach and founder of Phoenix Rising Career Services**, and my passion is helping job seekers **transform frustration into success**. I don't just help you find a job—I teach you **how to take control of your job search, communicate your value, and land a role that fits your skills and ambitions**.

## A Personalized, Proven Approach

This isn't a one-size-fits-all program. I know firsthand what it's like to struggle in a job search. After hiring top career coaches and learning from outplacement firms, I developed my **proprietary coaching approach**—one that **empowers you to shift from being a job seeker to being a sought-after candidate**. My method focuses on four key elements:

- ✓ **Mindset & Confidence** – Reframing your approach and eliminating self-doubt
- ✓ **Value Proposition** – Clearly defining and communicating your unique strengths
- ✓ **Ideal Job Identification** – Aligning your career goals with the right opportunities
- ✓ **Strategic Job Search Plan** – Leveraging networking, storytelling, and targeted outreach

## Supportive Coaching, Real Results

My coaching is **highly personalized, supportive, non-judgmental, and action-oriented**. Whether you're struggling with confidence, networking, interviews, or job search strategy, I provide the **guidance, tools, and strategies** to turn things around. Clients usually **cut their job search time dramatically** and many have landed roles in just weeks—not months. I offer:

- ✓ **Resume & LinkedIn Optimization**
- ✓ **Networking & Interview Mastery**
- ✓ **Job Search Strategy & Execution**
- ✓ **Ongoing Support & Accountability**

## Let's Accelerate Your Success

Your job search isn't about reciting what you've done—it's about how you **present your value and impact**. I'll help you **embody the confidence that you need** and help you become comfortable communicating it.
