

Mission Statement

*Committed to the belief that better patient success and clinical outcomes are achieved through dedicated 1-on-1 appointments with clients, **Fast Track Physio** was created to address a direct consumer need in the current health care landscape. Physical therapists and clients foster meaningful and impactful relationships, directly enabling people to achieve their goals and actualize the best versions of themselves. **Fast Track Physio** is passionate about delivering results and restoration and optimization of movement through hands-on interventions with personalization of care. In contrast to the escalating costs, homogenization and corporatization of health care, **Fast Track Physio** provides health and wellness delivered in a platform emphasizing an engaging customer service experience. Clients shall seek to consult with **Fast Track Physio** as a primary practitioner of choice.*
