greg@film-coop.com

Dear home or business owner,

Film C.O.O.P., The Cooperstown, Oneonta, Otsego County Film Partnership, has recently opened a film commission office in Otsego County. Therefore we are looking for homeowners and business owners interested in having their property advertised as possible film locations to be advertised on www.film-coop.com.

Otsego County has a lot to offer for filmmakers, and property owners have the potential to make money from film and television shoots. When a production is looking to come to the area, they would send a location scout and meet with the film commissioner. The film commissioner would then help the location scout find the right property to meet the film's requirements. If your house or property is listed with the film commission, you would be advertised on our website and categorized in our database, and therefore be much more likely to have your property chosen.

If you are interested in being part of the film industry, please fill out the following form and mail or email it to us at the addresses above.

Sincerely,

Greg Klein

Board President
