

## **ANUBIS DEFENSE SYSTEMS**

### ***Mission. Precision. Execution.***

*Anubis Defense Systems is a mission-focused defense services firm providing cleared intelligence, program management, acquisition, and secure infrastructure support to federal agencies and prime contractors.*

*Founded by a former intelligence professional with experience supporting SOCOM-aligned environments, the company delivers operational insight combined with deep knowledge of federal contracting processes.*

### **CORE CAPABILITIES**

**Intelligence & ISR Support:** All-source analysis, OSINT, targeting, ISR operations.

**SIGINT Support:** COMINT, ELINT, signal processing.

**UAS Operations:** Drone piloting, ISR missions, sensor ops.

**Program Management:** KPI tracking, stakeholder coordination, risk mitigation.

**Acquisition Support:** FAR/DFARS, subcontract management.

**SCIF Support:** ICD 705 coordination, accreditation support.

**Staffing:** Cleared talent sourcing and deployment.

### **DIFFERENTIATORS**

- Direct experience supporting SOCOM-aligned missions
- Deep understanding of FAR/DFARS and subcontracting environments
- Ability to rapidly source and deploy cleared personnel
- Lean, responsive, and execution-focused
- Integration of operational, technical, and contracting expertise
