# STAR Republican Women

## Note from Star President, Sara Boyd

Welcome Back Patriots, It is Election 2024  
Showtime!!

When I went to the White House in 2019, I wasn't even a registered Republican. I was a proud Independent. When Denise Rives and Col Allen West approached me in 2021 about serving as Star president I was very, very, apprehensive. My strengths are more cheerleader than leader, but I am a passionate patriot, so I said yes. I hope you can hear my passion when I warn you that this election is the most critical one of our lifetime and has the potential to confirm or shred our culture and our republic. Over the summer, the intent of the Democratic Party was to embrace socialism or so called communism light and has bubbled through the cackle, giggle and Trump hate speech. The time is NOW to define who we are and who they are, and the wide margin between us. The time is NOW to step over personality and define political suicide of a Nation. The time is NOW to push back the media bias and global culture and Make America Great Again. The time is NOW to invite a friend to our meeting on September 17 and join us as we make America great again!

## **NATIONAL DELEGATE TO THE 2024 REPUBLICAN NATIONAL CONVENTION**

It was a pleasure and a privilege to have represented Horseshoe Bay and Llano County as one of the 2,429 Republican National Delegates in Milwaukee, Wisconsin. The Republican National Convention was a remarkable and unforgettable experience for me. Being part of the 161 enthusiastic representatives of our Texas Delegation was both empowering and exciting. The patriotism and enthusiasm that filled our buses, meeting rooms and at the Convention were simply inspiring. Everyone there shared a sense of being fed up with our current national situation of crushing inflation, unmanageable open borders, complete disregard of parental rights, chaos in our universities, wokeism ideology, and a tremendous sense of betrayal by our national leadership. Nevertheless, the sense of loyalty to our great nation, to those that have served to make us who we are, and have made the ultimate sacrifice for all of us, combined with the hope of betterment for all of us was palpable and alive.

As we kick off the 2024 Election Season, I urge everyone to get involved. This is not the time to stay on the sidelines, there is too much at stake for our Nation, for all of us. As President Trump famously urged us after he was shot, FIGHT, FIGHT, FIGHT! Let's give him our time, our talent, our energy, and our support! We must support and elect Republican leaders that can deliver results and reverse the Biden-Harris administration glaring failures.
