

ABOUT OUR SCHOOL

Appleseed Academy is a private Christian school and child care center. During the academic year, we offer Preschool through 4th Grade classes. During the summer, we offer enrichment camps for children ages 2 through 12. We also offer child care year-round for children ages 18 months to 12 years.

It is our goal to create a safe, secure, and nurturing environment in which each child can reach his or her full potential. Our educational programs have been created to promote the academic, social, physical, and spiritual development of the children in our care.

Our highly trained and experienced teachers and staff work closely with parents to understand each child's individual needs and abilities and to tailor a program that meets the unique needs of the child.

"Education is the most powerful weapon which you can use to change the world."

— Nelson Mandela

K - 4th Grade	8:00 am — 3:30 pm
All Day	7:00 am — 6:00 pm

EDUCATIONAL PROGRAMS

Preschool (Ages 18 months - 4 years)

Our preschool program is built on the belief that strong, trusting relationships are the foundation of meaningful learning. We create a nurturing environment in which children feel safe, valued, and confident in their own abilities. We offer a state-approved, developmentally appropriate curriculum that balances play-based learning with intentional skill-building. Through engaging activities in language, math, science, art, and movement, children develop the skills necessary to ensure future school success.

After-School Child Care (K - 5th Grade)

School-aged children are provided with homework assistance, indoor and outdoor games and physical activities, arts and crafts, and the opportunity to make new friends and have fun in a safe and supportive environment.

Elementary School (K - 4th Grade)

Our elementary program combines traditional academic excellence with innovative, research-based teaching methods. Our curriculum incorporates project-based learning, hands-on experiences, and differentiated instruction to challenge students at every level. With intentionally small class sizes, our teachers are able to give personalized attention, fostering strong relationships and a deeper understanding of each student's unique learning style. We integrate technology thoughtfully, encouraging creativity, critical thinking, and collaboration from an early age. In our classrooms, students are not just taught—they are inspired to explore, ask questions, and develop a lifelong love of learning.

A VIBRANT LEARNING COMMUNITY With A Highly Qualified Staff
