You will be contacted regarding the results of the screening. A complete evaluation and/or subsequent treatment will only be administered after your therapist has spoken with you about the results of the screening and fees/insurance benefits. You will be asked whether you would like your child to receive a comprehensive evaluation and if an evaluation is agreed upon, a state-licensed and certified speech-language pathologist will administer the evaluation (including standardized evaluation tests, language samples, caregiver interviews, etc.). Your therapist will provide subsequent treatment, if needed, to the aforementioned child. Results of the evaluation will determine a treatment/therapy course that will include the recommendations of the speech-language therapist and input from the parent.
