

DIAMOND DRY

- Suitable for dry use in ceramic tiles, granite and composites
- Up to 40 mm saw depth
- Diameters from 5 mm - 120 mm
- Patented Click & Drill® System

**M14
Version
available**

ROCK 'N' ROLL

Get rid of the angle grinder. The ProFit Diamond Dry hole saws easily find their way through the toughest materials. Make perfectly round holes in granite, marble, composites and ceramic material without spilling a drop of water.

An absolute cold blooded must-have for any professional who needs to fit drains and taps without damage. Works up to 10 times longer!
