

Fly Golden Guardian Contract

This Guardian Home agreement ("Contract") is entered into between Tiffany Murray/ Bruno Silva (Known as "Breeder") and ("Guardian")

Guardian Full Name:

Address is:

Phone number:

Email Address:

Breeder is a Golden Retriever breeder that has developed a Guardian Home Program. This program allows the Breeder's breeding/stud dogs to be fostered by loving forever homes while still maintaining status as a breeding dog for a contracted number of litters. The Guardian seeks to provide a puppy or adult with a loving forever home and also support the Breeder's breeding needs through the Guardian Home Program. As such, Breeder agrees to provide a puppy or young adult to Guardian and Guardian agrees to accept Guardian dog and perform in accordance with this Contract. NOW THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

The Guardian Home Dog

The Breeder agrees to provide the Guardian in sound condition one (1) female or male puppy or young adult of their before agreed upon breed (hereinafter designated as the "Guardian Dog").

Guardian Dog's Name:

Guardian Dog's Breed: _____

Guardian Dog's Registration #: _____

DOB:

The agreed upon, non-refundable price that the Guardian will pay Breeder for the Guardian Dog is
Signing of this Contract and prior to receiving the Guardian Dog, Guardian agrees to
whelping (females) or years of stud services (males) from the Guardian Home Dog.

(This is contingent upon the health of the Guardian Dog.) Guardian Dog is the property of the Breeder until all terms of this Contract have been fulfilled. First breeding must be completed (unless other arrangements are made) within 3 years of signing, or Guardian Dog shall be returned to Breeder. **If for any reason the dog does not successfully get pregnant after 2 cycles, the dog will be offered for sale to the guardian home for an appropriate price given the age of the dog.**

Upon Satisfaction of this Contract, Owner will spay/neuter the Guardian Dog and transfer ownership of Guardian Dog to Guardian after the contract has been fully satisfied. Likewise, any puppies born to a female dog or any semen from a male dog shall be the sole and separate property of the Breeder.

Breeder's Responsibility

During the time the Guardians have possession of the Guardian Dog, the Breeder shall provide the Guardians:

1. Provide Guardian with a healthy dog.
2. Dietary guidelines and instructions for health care of the dog, including worming and vaccination information, information on appropriate chew toys and other toys.
3. Have contact with Guardian and Guardian dog. This can be through home visits and or video chat.
4. Communicate when it is time for neuter/spay at the completion of contract or when Breeder deems the dog to not be needed or in a physical position to continue breeding.
5. Help Guardian choose a veterinarian to provide medical care to the dog.
6. Training on recognizing when a female comes in heat and approximate dates when to expect her heat.
7. Information on what to expect and how to care for a pregnant female.
8. Pay for all veterinary expenses as related to breeding related costs. (Hip x-rays, genetic testing, etc.)
9. If the dog is female, Breeder will take possession of the dog at the appropriate time for breeding and the dog will remain with the Breeder for approximately one week, then would be returned to the Guardians for its gestation period (pregnancy). The Breeder will take possession of the female dog up to one week prior to her due date and she will remain with the Breeder until her puppies are whelped and weaned. (Up to 8 weeks.)
10. If the dog is male, Breeder may take possession of the dog for breeding at any given time, for multiple days at a time with roughly a weeks notice.
11. Breeder will take the Guardian Dog back if for any reason the Guardian is no longer able to keep Guardian Dog until the end of the Contract. No monies will be exchanged in the event of Guardian returning Guardian Dog.
12. Show training and expenses will be the Breeders responsibility

Guardian's Responsibility

During the time the Guardians have possession of the dog the Guardian shall:

1. Agree to feed Guardian Dog the current brand of food products that the breeder uses until the time this contract is complete.(There will be some raw feeding of basic household ingredients for females)
2. Agree to vaccinate the Guardian dog in accordance with veterinary standards. (These costs will be covered by the Guardian.) In addition, heartworm, flea and tick prevention.
3. Agree to provide ALL transport for Guardian Dog back and forth from breeders home for breeding purposes. Unless the Breeder verbalizes otherwise.
4. Agree to train the Guardian Dog to Breeder's standards. Breeder's standards include basic and intermediate obedience. Any professional show training will be dependent on the quality of the puppy and will be at the expense of the Breeder.

5. At all times keep the Guardian Dog under close supervision and maintain them under physical control at all times for the duration of this Contract. The Guardian is responsible for any damage or injury inflicted by the Guardian Dog while in Guardian's possession. The Guardian waives all rights of and claims for contribution and indemnification from Breeder and, with respect to any liability for damage or injury by the Guardian Dog, agrees to pay and assume all such liability and damage and to forever fully indemnify Breeder.
6. In the event of an accident or injury, Guardian assumes responsibility for all necessary veterinarian or hospital charges. In the event of illness, Guardian assumes responsibility for all necessary veterinarian or hospital charges. Guardian assumes responsibility for all routine veterinary costs including heartworm/flea control, teeth cleaning and wellness exams.
7. Breeder may show, photograph and have access to Guardian Dog for genetic testing, veterinarian visits and breeding. Guardian agrees to provide Breeder with such access upon request.
8. All health records, information regarding lineage and any document pertaining to Guardian Dog will be available to both Breeder and Guardian.
9. Agrees to report all non-routine veterinary visits to Breeder and deliver veterinary reports by either email or regular mail to Breeder. Non-routine veterinary visits include all visits excluding vaccinations or wellness checks.
10. Shall communicate with Breeder each time Guardian Dog is in heat (female), beginning with the maiden heat and every heat thereafter for the duration of this Agreement.
11. Heat is defined as swelling of the vulva and the first day a spot of blood is noticed. Guardian must keep the Guardian Dog away from all in-tact male dogs while she is in heat to prevent accidental breeding (female). Guardian must keep Guardian dog away from all females in heat (other than females breeder is working with) to keep from unwanted mating (males).
12. Shall notify Breeder in advance of any changes of address or phone number so Breeder may maintain an accurate and current listing. If Guardian moves, they must get a consent in writing from Breeder. If not, Breeder has right to remove Guardian Dog from Guardian. If agreed in writing by Breeder, Guardian agrees to pay ALL travel expenses, hotel, gas and for future or any other fees associated with transporting Guardian Dog to new home breeding/puppy transport.
13. Safely confine Guardian Dog by using a traditional fence, restraining the dog by using a leash whenever outside of the Guardian's home/yard, especially during the female dog's heat cycle and at all times with a male. Notwithstanding the above, once the dog has been trained to respond to voice commands off leash, retrieving for exercise will be permitted. A female may not be left outside of the yard of a Guardian home, or any home, during her heat cycle (heats last for approximately 3 weeks, no more than 2 times a year). At this time a female may only be inside the home or fenced yard away from other dogs, or inside a secure crate or garage.
14. Provide adequate exercise for the dog on a daily basis.

15. Consult with Breeder at the first sign of illness or at the time of injury.
16. Deliver Guardian Dog to Breeder or meet Breeder upon request with with a weeks notice for breeding purposes, testing, etc.
17. Keep dog well-groomed at all times. The dog will need regular brushing to help keep coat from matting. Utilize a professional groomer experienced with Golden Retriever grooming when needed every 6-8 weeks to keep the coat well maintained and healthy. This also includes bi monthly nail trims to ensure the nails stay short. And regular ear cleaning.

Miscellaneous

Removal of Guardian Dog - Breeders may remove Guardian Dog from the possession of Guardian for non-compliance of terms of this agreement, at which time the Contract shall terminate. Breeder agrees to consult with Guardian before permanently removing the dog from Guardian's possession unless, in the judgement of the Breeder, the dog must be immediately removed from the possession of Guardian in order to protect the health, welfare and safety of the dog. If the dog does not need to be immediately removed from the Guardian's possession, Breeder shall give Guardian a reasonable amount of time to comply with Breeder's requirements for maintaining the health, welfare or safety of the dog before permanently removing the dog. Breeder may immediately remove a stud dog from the Guardian home should the Guardians hire out the stud or sell his semen without specific written permission from Breeder. If this were to occur, the Guardian would also pay the Breeder \$2500.00 the value of said stud service or semen.

Death of Guardian Dog, Breeder's Possession - Should the dog die from natural or accidental causes, that are not considered negligence (non-compliance of using a leash or not keeping the yard fence in good repair and gate closed) this Contract shall terminate upon the happening of such occurrence and neither party shall have any further obligation to the other party. However, should a female dog die during whelping (delivery of puppies) Breeder shall give to Guardian, at no cost to Guardian, a spayed or neutered puppy born of the litter that caused the death of the female dog, if any puppies are born alive and survive for eight weeks.

Transfer of Ownership - When Breeder, in the sole and absolute discretion of Breeder, determines that the Guardian Dog shall no longer be used for breeding purposes, owner shall have the dog spayed/neutered and then breeder will transfer ownership of the dog to Guardian. Owner will pay all costs associated with the spay/neuter.

Return of Guardian Dog - During the term of this Contract, Guardian may permanently return the Guardian dog to Breeder for any reason, at which time this Contract shall terminate. Any money exchanged for the dog at the beginning of the contract is non-refundable.

Accidental Breeding - Any accidental breeding must be reported to Breeder within 24 hours. Guardian acknowledges that Breeder operates a business, and any accidental breeding will cause significant harm to Breeder's business and possibly the Guardian Dog. Guardian agrees to pay Breeder in liquidated damages and not a penalty, a fee of \$2500.00 for any failure to report an accidental breeding within 24 hours. This fee is a genuine estimate of damages that may be incurred by Breeder for not having an opportunity to take action after accidental breeding. The fee is reasonable in light of the harm that will be caused by the accidental breeding, the difficulty of proving the extent of monetary loss, and the inconvenience of otherwise obtaining an adequate remedy at law. (There will be no aborting of litters unless proven to be life threatening to female.) All puppies from any accidental breeding are the Property of Breeder and will be placed in homes by Breeder. Any accidental breeding does not constitute a Contracted Litter.

Immediate Payment to Breeders - If, prior to transfer of ownership from Breeders to Guardians, the following occurrences happen, the Guardians agree to pay Breeder the sum of \$10,000.00:

- 1-Guardian, independently and without the expressed written consent of Breeder, has the dog spayed or neutered.
- 2-Guardian intentionally causes injury to the dog that prevents the dog from breeding or intentionally or out of negligence causes death of the dog.
- 3-Guardian withholds with the dog, fails to advise Breeder of any change in Guardian's address, or ceases communication with Breeder.

Non-Transferable - This Contract shall not be transferred to another Breeder or Guardian in whole or in part without prior agreement.

Legal Issues: Should any legal problems arise in regards to said dog, all litigation will be in accordance of Canadian law and fought in Ontario Courts.

Should the current owner die, this contract can be transferred to the surviving spouse. If there is no spouse or the spouse does not want the dog, then the dog is to be returned to the breeder as soon as possible. This applies for the LIFE of the dog.

Integration - This Contract and other Transaction Documents constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior agreements and understanding, both written and oral, between the Parties or any of them with respect to the subject matter hereof and thereof.

Amendments - Any amendments to this Contract may only be made in writing, signed by all the parties hereto.

IN WITNESS WHEREOF, each Party has caused this Contract to be duly executed as of the Effective Date:

The Term (Effective Date) of this Contract begins on _____ and terminates upon the delivery of _____ Contracted Litters (females) or _____ years of stud services (males) to Breeder.
