

Hello N. El Camino Resident,

Starting tomorrow, June 2nd, road construction activities will impact access to your neighborhood.

Construction at the Floyd Dryden Roundabout will create a road closure where N. El Camino St intersects with Loop Road.

- This closure is anticipated to be in effect from June 2nd through the end of the day on June 10th.
- During this closure, access to and from N. El Camino will only be possible from the West end of N. El Camino.
- Once construction activities have been completed, work will resume on the East side of Mendenhall Loop Road and N. El Camino will be open again.

More project information can be found at the project website (www.looproadroundabouts.com).

Please watch for the construction crew and take notice to all construction signs when present.

Thank you for your patience during construction.

Sincerely,

Loop Road Construction Team
