- Project Shuttle Stop
- Capital Transit Bus Stop
- Shuttle East Route
- Shuttle West Route

- Work Zone
- No pedestrian access through work zone  
Shuttle service provided, when necessary
- NORTH

## CONSTRUCTION UNDERWAY

**Construction is continuing on both the Stephen Richard and Floyd Dryden roundabouts.**

For users of the pathway adjacent to Loop Road as well as Capital Transit customers, there will be temporary disruptions to access as sections of the pathway are reconstructed and Capital Transit stops are reconstructed.

To accommodate lessen the impact of these disruptions, SECON and Capital Transit worked together to provide a temporary alternative for public transit within the project corridor.

**From the hours of 10:00 pm to 12:00 am**

Please call (907) 321-1131 to request a pick up along the shuttle route.

The graphic pictured above shows project shuttle stop locations and Capital Transit bus stops during that will be used throughout the summer.

We understand that these temporary disruptions cause inconveniences and we thank you for your patience. We will do our best to provide on-time service so Capital Transit riders can make connections to your final destinations.
