

Collaborative Learning Group with Ponies

About the Therapists

Cathy is both a speech-language therapist & avid equestrian. Her work focuses on Family Coaching and supporting children ages Birth through School-Age. She has years of experience working with horses; including certification through PATH as a therapeutic riding instructor & completion of AHA courses (to use hippotherapy in speech therapy sessions). Cathy is thrilled to support children's speech & language goals in equine environments.

Molly is a bilingual speech-language therapist with years of experience working with children in both individual and group settings, addressing speech and language disorders, Autism Spectrum Disorder, social skills, executive functioning, selective mutism and auditory processing difficulties. Working in the community with groups is one of her passions.
