

Pasadena California. This is Amy's second laundry. The first is less than a mile away called, "Miss Lucille's Launderette" which was also a retool project. This laundry was reopened in December 2022. Amy reports revenues already exceeding the prior laundries performance and is approaching base level revenues now.

### **"The Wild Swan Laundry Company"**

This is the full retooled now, Wild Swan Laundry Company.

Like Amy's first laundry, she muscled her way through this and did a large amount of the work herself. What a beautiful community laundry she created.
