Seeking, Massachusetts

I am very grateful to be awarded the Camden Canterbury Memorial Hockey Scholarship. Heading into my final season of junior hockey, I made the decision to return to the Bridgewater Bandits Junior Hockey Program. The Bridgewater Bandits offer a highly competitive environment that perfectly aligns with my aspirations of playing at the collegiate level. The program's dedication to player development, both on and off the ice, provides me with the tools and resources necessary for elevating my game. Under the leadership of Coach Drevitch, the Bridgewater Bandits have developed a culture built on hard work, discipline and perseverance. His wealth of experience and focus on individual growth will play a key role in helping me refine my skills and continue to improve. Playing for the Bridgewater Bandits gives me the opportunity to showcase my skills in a competitive and supportive environment while also providing valuable exposure and networking opportunities essential to achieving my goal of playing college hockey. This Camden Canterbury Memorial Hockey Scholarship supports me in this ideal setting as I continue to develop and work toward reaching the next level.
