PRODUCT
WARRANTY

\$69.95

**Perfect level
Entry!!**

Variable shade 9-13, True Color, Grind
function, CSA/CAN Approved

RW8000X

1 YEAR
PRODUCT
WARRANTY

\$214.99

**Latest
Technology!!**

Auto Sensing, Huge Viewing area, Auto or Manual
5 Sensors, 1/1/1 Classification,
True Color, CSA/CAN Approved

JRWCUT45di - PLASMA CUTTER

3 YEAR
PRODUCT
WARRANTY

\$1053.00

**1/2" Clean
Cut!!**

CSA Approved 45 AMP PFC Digital Dual
Input Plasma Cutting Machine with
Clearvision and *Sure Plasma* Technology
c/w 19.5' Torch, Return Lead and Adaptor

JRW200PAC/DCdi TIG MACHINE

3 YEAR
PRODUCT
WARRANTY

\$1999.00

**Powerful &
Portable!!**

CSA Approved 200AMP PFC Digital Dual
Input AC/DC TIG Machine with Foot
Pedal, Pro-Tig Torch, Adaptor,
Flowmeter, Return Lead *Clearvision*
Technology, multiple AC waveforms

JRW250K - MIG/TIG/ARC MACHINE

3 YEAR
PRODUCT
WARRANTY

\$2056.00

**Powerful cost Effective
Multi-System**

CSA Approved 250 AMP MIG/TIG/ARC
Workhorse c/w 15ft Torch, Earth lead,
Flowmeter and ARC Lead. Spool Gun
Ready and optional TIG Torch Available

SPGLBT200 - SPOOL GUN

1 YEAR
PRODUCT
WARRANTY

\$283.00

**Compatible with
all Razorweld
MIG Welders!!**

High Quality, Cost effective 19' Torch for
Alloy Fabrication. Quick Neck and Roller
change features and 1 Year Warranty.

\$ 781.25

ECO.30s+

This is the lightest corded \varnothing 1 3/16" (30 mm) machine in the market. Due to its small size the ECO.30s+ is incredibly easy to handle.

\$ 906.25

ECO.40s+

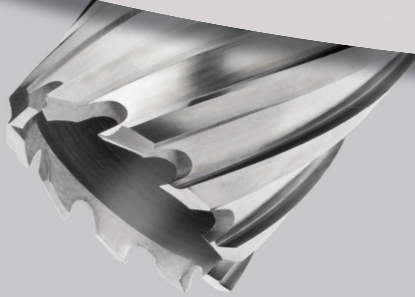

This machine drills up to \varnothing 1 9/16" (40 mm) and fits cutters up to 4 5/16" (110 mm) in length. The portable ECO.40s+ has an integrated motor cable which reduces risks of damaging the machine.

\$ 1,468.75

ECO.60s+

The powerful 14.5 A (1,600 W) motor, with overload protection, allows the machine to drill holes up to \varnothing 2 3/8" (60 mm) with ease. The electric speed adjustment lets you control the speed with the highest accuracy.

HSS annular cutter - 2" Depth of Cut

High Speed Steel Annular Cutters with unique teeth geometry, provide clear cutting, less vibration, smooth hole finish and long tool life. They can be widely used in drilling steel, copper, aluminum, stainless steel and plastic, in either plate or pipe form.

FREE pilot pin included

(with free 130.355/80 Blade)

EDC.355

FREE saw blade

The EDC.355 "Bladerunner" metal dry cut-off saw is ideal for cutting metal profiles, pipes and sheet material. This robust machine has an adjustable cutting angle from 0° to 45° and a molded aluminum base with adjustable angle indication. The EDC.355 is powered by an extremely powerful 2480 W motor with built-in soft start functionality. With 1450 rpm, this machine is suitable for sawing all types of metals.

\$ 116.55

Saw blade

The 80-tooth carbide tipped saw blade is suited for sawing all sorts of mild steel. It provides an accurate and smooth finish so that the sawn material is ready for welding. The big advantage of our saw blade is that it produces virtually no sparks and the cuts stays cool, making it faster, easier and safer to use than abrasive saws.
