

A vitamin and mineral supplement for beef cattle specifically designed for reproductive success when fed 60 days pre-calving through 60 days post-breeding. Especially beneficial in A.I. and E.T. breeding programs. Includes CTC for the control of Anaplasmosis. CAUTION: Beginning January 1, 2017, Federal law restricts medicated feed containing this veterinary feed directive (VFD) drug to use by or on the order of a licensed veterinarian.

## AMA FERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as to the ability to initiate and maintain pregnancy and fertility.

## KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.
- 2.5X NRC for quicker impact
- High levels of vitamin E for reproductive tract repair.
- Contains organic trace minerals for more stability and higher bioavailability.
- CTC 3G for control of active infection of anaplasmosis.

## FEEDING DIRECTIONS

Mix this Type B medicated feed with non-medicated feed ingredients to manufacture 1 ton of Type C medicated feed for beef cattle. Mix 500 lbs. of Concept-Aid® 5/S CTC 3G Medicated Type B with 1500 lb. of non-medicated feed, resulting in a Type C medicated feed containing 1500 g/ton chlortetracycline (750 mg/lb.). Hand-feed to beef cattle at the following rates to provide 0.5 mg Chlortetracycline per lb. of bodyweight for control of active infection of anaplasmosis:  
 1100 lb. cattle: Feed 0.7 lb. Type C per day to provide 550 mg Chlortetracycline from 2.93 oz. of Concept-Aid® 5/S CTC 3G Medicated Type B.  
 1300 lb. cattle: Feed 0.9 lb. Type C per day to provide 650 mg Chlortetracycline from 3.47 oz. of Concept-Aid® 5/S CTC 3G Medicated Type B.  
 1500 lb. cattle: Feed 1 lb. Type C per day to provide 750 mg Chlortetracycline from 4 oz. of Concept-Aid® 5/S CTC 3G Medicated Type B.  
 Free-choice salt can be provided.
