

A free-choice vitamin and mineral supplement for beef cattle specifically designed for reproductive success when fed 60 days pre-calving through 60 days post-breeding. Especially beneficial in A.I. and E.T. breeding programs.

### AMA FERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as to the ability to initiate and maintain pregnancy and fertility.

### KEY SELLING POINTS

- 2.5X NRC for quicker impact
- High levels of Vitamin E for reproductive tract repair.
- Contains organic trace minerals for more stability and higher bioavailability.
- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.

### FEEDING DIRECTIONS

Feed to beef cattle at the rate of 4 oz. per head, per day. Free-choice salt can be provided if over-consumption occurs.
