Product #20095 200 lb. tub

Cu 7n Mn

A free-choice vitamin and mineral cooked tub for beef cattle specifically designed for reproductive success when fed 60 days pre-calving through 60 days post-breeding. Especially beneficial in A.I. and E.T. breeding programs.

AMAFERM* The advantage

AMAFERM® ADVANTAGE

Amaferm[®] is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as to the ability to initiate and maintain pregnancy and fertility.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.
- 2.5X NRC for quicker impact
- High levels of Vitamin E for reproductive tract repair.
- Contains organic trace minerals for more stability and higher bioavailability.

FEEDING DIRECTIONS

Feed to beef cattle using the following guidelines:

- 1. Consumption should be approximately 8 oz. per head, per day.
- 2. Provide one 200 lb. tub for every 25-35 head.
- 3. Provide plenty of good quality forage at all times.
- 4. Free-choice salt should be provided.
- 5. Provide a fresh, clean water supply at all times.
- 6. Consumption can vary with weather and feed conditions.
- 7. If over-consumed, move block farther from water or loafing area.

The above feeding directions are guidelines. Use good management practices adapted to varying conditions.
