

VITAFERM® CONCEPT•AID® PROTEIN MEAL

SIZES AVAILABLE

Product #12210
50 lb. bag

A combination of Concept•Aid® breeding mineral and 20% natural protein in a meal for beef cattle. Specifically designed for reproductive success when fed 60 days pre-calving through 60 days post-breeding. Especially beneficial in A.I. and E.T. breeding programs. Includes natural protein for when forage quality is low.

AMA FERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as to the ability to initiate and maintain pregnancy and fertility.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.
- 2.5X NRC for quicker impact
- High levels of Vitamin E for reproductive tract repair.
- Contains organic trace minerals for more stability and higher bioavailability.
- 20% natural protein

FEEDING DIRECTIONS

Feed to beef cattle at the rate of 1 lb. per head, per day. Free-choice salt can be provided if over-consumption occurs.
