

TAO MOTOR D 125

Read Owner's Manual and all on-product warnings. ATVs can be hazardous to operate. For your safety, Always wear a helmet, eye protection, and protective gear. Never carry a passenger. Never ride under the influence of drugs or alcohol. Never ride on public roads or pavement. Be extra careful on difficult terrain. All children under the age of 16 riding ATVs should always have adult supervision at all times. Tao Motor also recommends that all ATV riders take a training course. For more information contact your local dealer or call (888) 908-3816 Tao Motor Inc. 2020

D 125

The D125 has been a fan favorite for years, and rightfully so. A youth size gas powered ATV with a utility styling, it has all the great safety features that parents ask for. We did a complete overhaul on the D125 with upgrades and redesigns.

The all new 2022 D125 still comes stocked with our 107cc 4 stroke engine that goes in forward, and reverse, with 7" wheels and tires, as well as our same great safety features such as the remote wireless shut off for an extra layer of protection and a speed governor limiting the top speed, set by parents. And while we kept the best features of the D125, an all new selection of colors are now available. Not only does it look brand new, the 2022 D125 also features upgraded components, making it a top choice for your beginner rider, at an affordable price.

D 125
