

TAO MOTOR T-FORCE

Read Owner's Manual and all on-product warnings. ATVs can be hazardous to operate. For your safety, Always wear a helmet, eye protection, and protective gear. Never carry a passenger. Never ride under the influence of drugs or alcohol. Never ride on public roads or pavement. Be extra careful on difficult terrain. All children under the age of 16 riding ATVs should always have adult supervision at all times. Tao Motor also recommends that all ATV riders take a training course. For more information contact your local dealer or call (888) 908-3816 Tao Motor Inc. 2020

T-FORCE

Easy to ride like the D125, the T-Force has become a popular ATV for early riders that have aged out of the Boulder. A youth size gas-powered ATV, it has all the great safety features parents ask for in the D125, but with a more aggressive build, including larger wheels. Continuing the trend of upgrades and designs as we have done with the Boulder and D125, the T-Force also got a makeover for 2022.

Still stocked with our 107cc 4-stroke engine that goes in forward and reverse, the all-new 2022 T-Force is mounted with large 8" wheels and tires to drive through any kind of terrain you encounter. And while the T-Force may look aggressive, it still has all of the best safety features such as the remote wireless shut off and an adjustable speed governor, set by supervising adults. You may be able to limit the speed, but you can't limit the fierceness of the T-Force. Not only does the 2022 T-Force look brand new, our new upgraded components make it a top choice for your beginner rider, at an affordable price.

FAMILY AFFORDABLE POWERSPORTS

We believe that a family that rides together stays together! That's why we offer a broad lineup of products engineered for youth and products built for adults. Two wheels or four, pavement or dirt, we deliver great products that your whole family can enjoy!
