## Contact Information

Name

---

Address

---

Phone Number

---

Stop by the Conservation and Zoning Office at 119 2nd Ave SW, Suite 13 in the Pipestone City Building  
to have tree plans or estimates made up.

## Tree Orders

- All tree orders are recommended due by December 31st (prior to planting year). Please note that nursery stock and availability often declines rapidly after the first of the year.
- 50% of the cost of the tree order is due before the order can be placed. The Pipestone SWCD reserves the right to cancel an order if down payment is not met.
- Please note that all deciduous trees are bare root and come in bundles only. Bundle sizes are shown on the price list. Please indicate the total number of trees you want rather than the number of bundles.
- The approximate size of the deciduous tree is listed next to its name. Sizes could vary depending on nursery availability.
- If you do not see a tree that you want on this list or if you want a different size, ask and we will find out availability for you.
- Tree orders will typically come in during the month of April of the planting year. You will be notified of the final delivery date in March/April and can pick up your trees any time during work hours after they have been delivered at this address: 718 4th St. NW, Pipestone, MN 56164

## Replacements

- The Pipestone SWCD guarantees to plant live trees. If your trees have not shown any improvement from the time of planting to September 1st of the planting year, please contact our office and we will work with you if we feel the trees that were initially planted were not alive. Any inquires made for replacements after September 1st of the planting year will not be considered.
- All tree planting sites may be revisited in the fall to assess tree condition. We will not replace any trees that have died due to negligence or wildlife, that have been planted in sod, or those trees that have been planted during hot, dry conditions such as in June. Replacement trees are only guaranteed for the first year and will be available at a 50% discount rate from the retail price of the tree.

**If you have any questions on how to care for your trees, please call our office at 507-825-1185, Thank you!**
