

To our parents, guardians, families, and community partners

The Victoria Child Abuse Prevention and Counselling Centre, committed to the health and wellness of our community, will be closing our doors to all clients and staff as of Wednesday, March 18th, 2020. We are committed to supporting our clients as best we can as our daily reality continues to shift as a result of the effects of the COVID-19 virus.

Our therapists and victim support workers will be contacting our clients and/or caregivers by phone or e-mail to let them know how they will support them while the VCAPCC is closed. We will be setting up phone and internet services to serve you as best we can. If you have any questions or concerns, please e-mail your therapist or victim service worker directly or call the VCAPCC and leave a phone message on their direct line. All therapists, victim services, and managers will be checking their work e-mails daily.

Although our doors will be closed, we are here to support you during this time.

Please take care of yourselves and your families.

Be well, be kind, and be safe.

Sandy Bryce,

Executive Director of the Victoria Child Abuse Prevention and Counselling Centre
