Contemporary Hip Hop Fusion with Miss Jaci

Contemporary/Hip Hop Fusion is an open dance style that combines aspects and concepts of hip hop dance as well as contemporary dance. The synergetic combination of dance styles focuses on the musicality, syncopation, and foundations of hip hop, and fuses these aspects with the story-telling, emotions, technique, and versatility of contemporary dance. Since contemporary dance includes aspects of jazz, ballet, and/or modern, combining contemporary with hip hop gives dancers an opportunity to explore body awareness, movement exploration, rhythm, fluidity, isolations, and many other aspects that fall under the umbrella of both hip hop and contemporary dance. The fusion of these popular and dynamic styles provides the opportunity for compelling story-telling through choreography as well as highly beneficial training for dancers as a whole.
