About us

## Company.

The original company was founded in 1993, and specialised in plastic and tooling, Which has rich experience in product structures, designs, and appearance. In 2006, H-one built the R&D team and focused on heating technology researching for home appliances.

Now H-one offers PCBA controller and software customizing, OEM/ODM services on finished products such as Induction cooker, Ceramic cooker, Hair straighteners, Induction water heater and Sous Vide. Most products in H-one are CE, GS, ETL, CL and CB certified, and these are widely sold all over the world. H-one holds patents in heat control induction heat and motion control and these are used to ensure our products are of the highest quality and performance.

H-one is an open, ambitious and highly experienced company working closely with its customer and suppliers to offer the highest quality products, with excellent performance and the latest features, at competitive prices.

## Redefine Inductionm Cooker — SMART COOKER

### ◆ PRE-SET MENUS ◆

You can DIY menus for certain food now: set with defined heat and time for each food like grill, stir, boil, milk, fry and etc. It all depends on your cooking habits. These menus make your life easy and let you select fast cook setting rather than adjusting the heat and power for each food every time.

### ◆ APP CONTROL THROUGH YOUR PHONE ◆

WIFI APP Control:  
Now the device can connect with WIFI and you can control your cooking through our APP, make long-range control  
All in One:  
With the smart operation zone, it can replace other devices like Rice Cooker, Soup Maker, Grill.

### ◆ BLACK GLASS CERAMICS ◆

Using Ultra durable black glass ceramics, excellent aging resistance and wear resistance, easy to clean after using, excellent heat resistance and impact resistance, exquisite and smooth texture, simple and elegant.

### ◆ SAFE AROUND YOU AS ALWAYS ◆

Don't worry about kids, child lock protects  
Don't worry about burnt, residual heating indicates  
Don't worry about overheating or dry burning, it knows when should stop

Each year, we will attend Canton Fair and other overseas international fair, learning what you want and what is popular decide what we can design. products on brochure are only for your reference, we keep the right to improve the appearance and structure of samples.  
We will regularly visit our customers around the world to listen the feedback and talk to more products.  
We are also ready to welcome every customer to visit our company and factory.

## SMART CERAMIC COOKER

Model:8120-255

Type: Smart Induction Cooker, Built-in  
Connection: 200~240 V, 50~60 Hz  
Product Size: 600 x 350 x 55 mm  
Cutout size: 575 x 325 mm  
Power: 1800W+1800W

Model:8323-255

Type: Smart Ceramic Cooker, Built-in  
Power: 2200W(2 RINGS)+2200W(2 RINGS)  
Connection: 200~240 V, 50~60Hz  
Product Size: 730 x 430 x 55 mm  
Cutout size: 680 x 380 mm

Model:8128-255

Type: Smart Induction Cooker, Built-in  
Connection: 200~240 V, 50~60 Hz  
Product Size: 730 x 430 x 55 mm  
Cutout size: 680 x 380 mm  
Power: 1200W+2300W

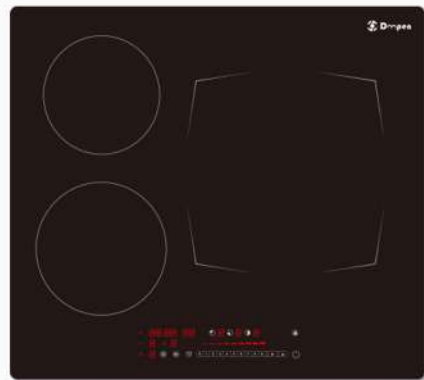

Model:8223-255

Type: Smart Hybrid Cooker, Built-in  
Power: 2300W(IN)+2200W(2 RINGS HI)  
Connection: 200~240 V, 50~60Hz  
Product Size: 730 x 430 x 55 mm  
Cutout size: 680 x 380 mm

SMART CERAMIC COOKER

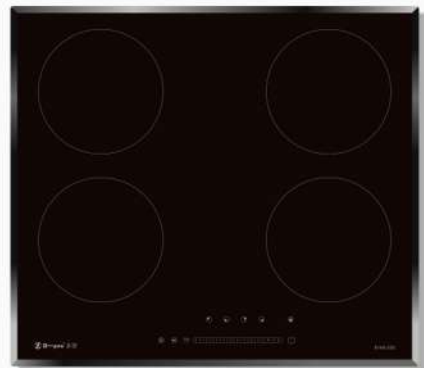

Model:8130-255

Type: Smart Induction Cooker,Built-in  
Connection: 200~240 V,50-60 Hz  
Product Size: 590 x 520 x 55 mm  
Power: 1200W+1800W+3000  
Cutout size: 570 x 490 mm

Model:8330-257

Type: Smart Ceramic Cooker,Built-in  
Power: 1200W+2000W+3300W(3 RINGS)  
Connection: 200~240 V,50-60 Hz  
Product Size: 590 x 520 x 55 mm  
Cutout size: 570 x 490 mm

Model:8140-255

Type: Smart Induction Cooker,Built-in  
Power: 1200W+1800W+1200W+1800W  
Connection: 200~240 V,50-60 Hz  
Product Size: 590 x 520 x 55 mm  
Cutout size: 570 x 490 mm

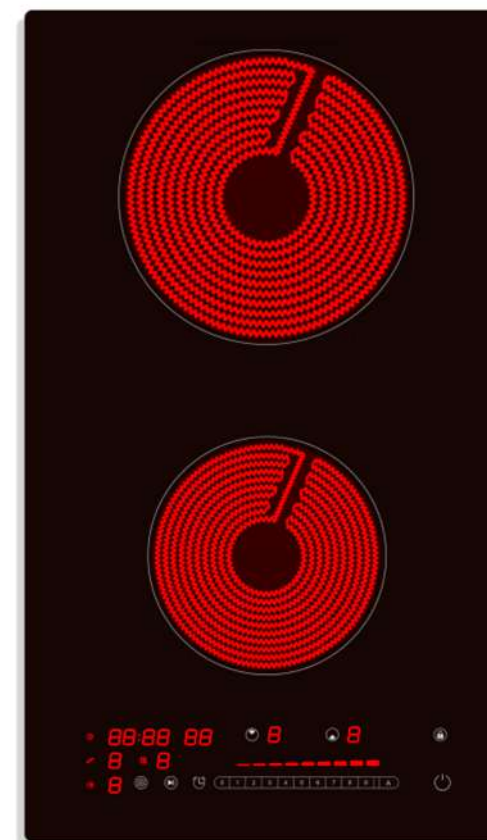

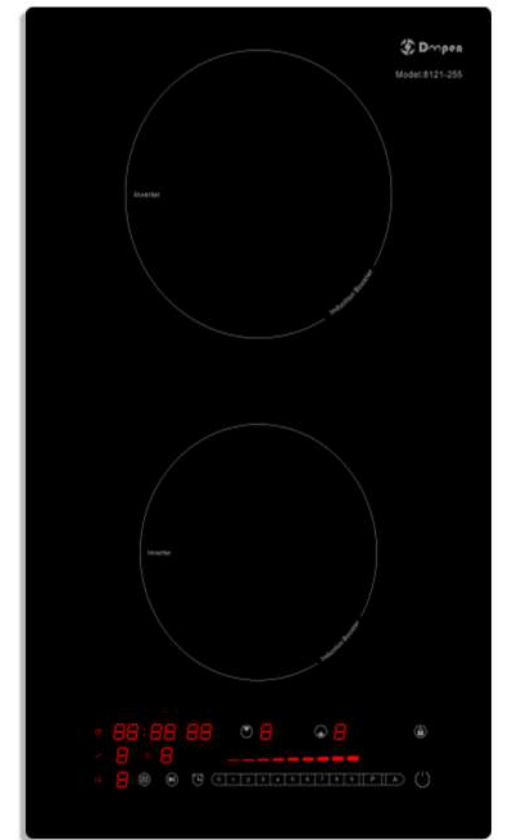

Model:8340-255

Type: Smart Ceramic Cooker,Built-in  
Power: 1200W+1800W+1200W+1800W  
Connection: 200~240 V,50-60 Hz  
Product Size: 590 x 520 x 55 mm  
Cutout size: 570 x 490 mm

Model:8121-255

Type: Smart Induction Cooker,Built-in  
Burners:2  
Working level:9  
Max timing:99Min  
N.W.:8.785 Kg  
Connection: 200~240 V,50-60 Hz  
Product Size: 520 x 300 x 55 mm  
Cutout size: 490 x 285 mm  
Power: 1200W+1800W

Model:8320-255

Type: Smart Ceramic Cooker,Built-in  
Burners:2  
Working level:9  
Max timing:99Min  
N.W.:7.6 kg  
Connection: 200~240 V,50-60 Hz  
Product Size: 520 x 300 x 55 mm  
Cutout size: 490 x 285 mm  
Power: 1200W+1800W

# INDUCTION COOKER SERIES

DIFFERENT CUST OMER HAS DIFFERENT REQUIREMENTS ON THEIR PRODUCTS.H-ONE CAN MAKE THESE IDEAS COME TRUE:

- Different display panels for each customer;
- Hardware and software designer;
- Built-in/tabletop with 1/2/3/4/5 cooking zones;
- Single ending drive,Half-bridge technology,flex zone,double rings for different price levels;

ADVANTAGES OFFERED BY ELECTRIC CERAMIC HOBS FOR YOUR KITCHEN:

- Easy-in-Use

The interface of these hobs is highly user-friendly. They are easy to set-up, and start working with for food preparation.
