Alberta First Pension: Sign Up To Support a Referendum

Alberta First Pension Plan wants to ensure that Albertans have their democratic say on whether or not they want an Alberta Pension Plan.
Using the Citizens' Initiative Act, we can require the Alberta government to hold a referendum during the 2025 municipal election.
We are asking you to sign up today. When we have reached 270,000 of the electorate who want to have their vote, we will register the petition with Elections Alberta, and then our volunteers will go out to collect your signature.
