**PUBLIC QUESTION**

Vote For One (1) Only

Shall Fremont Community Schools increase property taxes paid to schools by homeowners and businesses for eight (8) years immediately following the holding of the referendum for the purpose of funding current essential operating needs, retaining and attracting teachers and staff and academic programming which will expand student educational and career opportunities? If this public question is approved by the voters, the average property tax paid to schools per year on a residence would increase by 30.22% and the average property tax paid to schools per year on a business property would increase by 29.13%. The most recent property tax referendum proposed by the school corporation was held in May 2023 and failed.
