

HELP Save Deer Run

Updated 3/12/2020

Residents in the Deer Run community are concerned with the news that the property owner of the former Country Club at Deer Run has applied to Seminole County to rezone the former golf course land and build 211 single-family homes upon that land. If you share this concern, we encourage you to reach out to the Seminole County Commissioners via postal mail or email. The commissioners are the ONLY board that has the power to change zoning and approve any building project that will make this proposal a reality. Below is a sample email which can be used in this email campaign. Please send your email to all the County Commissioners (below), not just District 1, because each commissioner serves at large and all of them will vote on any development projects:

SUBJECT LINE: Reject Deer Run Rezoning

EMAIL CONTENT: Dear Commissioner _____,

I am a concerned resident who lives in Deer Run. I know the owner of the former Country Club at Deer Run has submitted a preapplication to the county and wants to build over two hundred single-family homes on that land. I know the proposed project would require rezoning and a major amendment to the Deer Run Planned Development (PD) under Seminole County Land Use Development code.

I DO NOT SUPPORT THE REZONING.

Please reject any requests to rezone the PD and/or grant approval for any new housing developments in Deer Run.

Thank you,
