

2025 HBYC Board – Need Your Help

Our 2025 club year is right on the horizon. We have to nominate a slate of Officers and Directors for the coming year and present it at the **October General Meeting**. The election for the 2025 Board is at the **November General Meeting**.

Nancy Colson has asked me to be the Chair of the 2025 Nominating Committee.

Many seats on the Board are open and some folks in that position are ready to move on. Some Board members are willing to stay if nobody wants to take the position.

The vitality of any organization or club is a function of the interest of its members to pitch in and step up as needed. We need some folks to step up and take on these positions. There's plenty of help for new Board Members and you will merely take over a functioning area rather than have to begin from scratch.

If we don't have a person for a Board seat, then we won't do that function until someone steps up. This is critical in Kayak, Race, Fleet and Social Directors slots.

I am posting on the website the Job Descriptions for each position on the Board. If you're interested in a slot, you can read the job description and call the current or past director to discuss. **NOTE: Positions highlighted in yellow are taken.**

The current status of nominations is posted as a separate document on the Nominations page of our website.

Don Himes

Nominations Committee Chair
