

Caladesi Cruise Trip Report

It was a wonderful trip with excellent weather. Day 1 "Fine Alee"(Dean and Sue) and "Inspiration"(Guy and Nancy) anchored near the Power Plant. Day 2 we arrived at Caladesi and after a brief grounding by "Fine Alee", we made it across to the marina. And as good luck would have it, "Dame" (David and Melanie) were heading north and joined us at Caladesi. We were also joined on Saturday by Nancy Huberts and friend Laurie who came by the Caladesi ferry and joined us at our Saturday cookout. The boats all stayed two nights at Caladesi, then "Dame" headed home on Sunday while "Fine Alee" and "Inspiration" went on to Three Rooker north bar for the evening to listen to the birds squawking, and returned to Hudson on Monday.

These young ladies were not part of our group, but it's the only picture I took of the Caladesi !Beach
