

Kayaking at Gill Dawg's

When: Tuesday July 21

Where: Gill Dawgs Restaurant and Kayak Shop off US 19 at Grand Boulevard

Time: 7:30am – until....

Some HBYC paddlers are trying to set up a local early morning paddle, no restaurant lunch (except on your own if you wish) no shuttle, just some safe time on the water with friends.

We will unload the kayaks near the launch ramp and drive the cars back east to the lot marked by the kayak along the fence line so we are not using the restaurant parking area. It is about a 5 minute walk back to the boats.

There will be no personnel there that early so no rentals are possible.

The maximum fee (if any, I have had 2 different responses to this question, none and something) would be \$5 to launch a private kayak.

Obviously, if it is thundering and or pouring, we won't go but if just cloudy with possible, we will try it. We are not going that far and could get back relatively quickly. There are canals, open bayou, mangroves etc. and just the peace of being outside on the water.

All are invited, we ask you to please call for more info or to sign up:
