

Summer Kayak Director's Report

Hi all, just wanted to provide a quick look at Kayak activities for the next few months.

The July planning meeting is canceled. Members provided helpful feedback during your June Kayak gathering already. If you do have any other feedback regarding future Kayak outing preferences, please pass it along.

We didn't plan a trip in August because of the weather, so the next scheduled activity is the Coastal Cleanup on September 21st. The idea is to participate in the cleanup by picking up debris in the waterways by kayak.

Unfortunately, Anne and I probably won't be in town in September so it would be helpful if someone could help coordinate the outing.

Patty, who is coordinating the Coast Cleanup (CC), advised that she is aiming to have all CC participants to be finished by 10:30 AM that day (including kayakers) so they can participate in post cleanup activities.

The October Kayak trip is planned for October 5th in Silver River (Ocala).

Mitch Lairmore

Kayak Director
