### We do not accept students with severe academic or disciplinary problems

**Academic-** Our academic program is very traditional. Students must be cooperative, able to follow verbal teacher direction, do seatwork on their own, work in small groups, and complete a substantial amount of work daily. Although our program is effective for most students, some students may not benefit from our program.

We reserve the right to dismiss students **at any time** if we feel that they are not benefiting from our academic program.

**Discipline-** Our discipline program is based on the principals taught in the Lee Cantor book, *Assertive Discipline*. Our goal is to provide a safe and nurturing environment suitable for learning. It is our hope that every student will benefit from The Pines. In order to maintain a suitable learning environment for ALL students, students with severe discipline problems may be expelled **at any time** at the discretion of the administration.
