9am-3pm

Narragansett Regional High School

Course Registration Form

Student Name: _____

Age: (Students should be at least 11) _____

Email: _____

Emergency Contact: _____

Contact Cell: _____

Using a combination of the Babysitter Lessons and Safety Training (BLAST) curriculum authored by the American Academy of Pediatrics (AAP), the American Heart Association (AHA) Heartsaver certification program, and selected topics in first aid, infant and child care, and home safety. This is a one-day program designed to teach the fundamentals of babysitting. The course will provide instruction for young people aged 11 and above who are interested in babysitting. It is recommended that participants bring a doll to class to practice diapering and feeding, and a bag lunch. Text materials and snacks will be provided. Students will receive a certificate of course completion in addition to CPR and Stop the Bleed certification. Our instructors are both National and Massachusetts certified EMTs as well as certified EMT instructors. They are also Dads with over 25 years of parenting stories and experience. Please feel free to contact us with any questions.

Please print and complete this form and mail with \$100 fee to:

Star of Life Academy, Inc.
7 Baldwin Hill Road
Phillipston, MA 01331
