

# WHAT IS THE SPAY & NEUTER ANGEL PROGRAM (SNAP)?

In order to ensure that the essential veterinary care services of Spay or Neuter and Rabies Vaccination are made reasonably available to the household pets of people in our area, a Sliding Scale Fee based on household size\* and income is offered to qualified TOH patients and their guardians or families. Military discount\*\*available for active or inactive service members.

\*Household size is all members of the household who are related and/or pooling resources. Members of a household who are unrelated and do not share income are considered separate households (ex: college roommates paying separate rent/bills.)

\*\* Military service members with proper ID receive a discount of 25%. Discount cannot be combined with other program discounts.

## IS THE SNAP PROGRAM FOR ME?

To determine if the program may pertain to you, follow these steps:

1. Using the Spay & Neuter Angel Program (SNAP) Sliding Scale Fee Chart\* to the left, find your household size using the left hand column.
2. Next, find your income on that line.
3. Last, follow the income range column upward to the point that tells you whether you may receive free-of-charge services or a designated percentage of the charges.

\*Note: This chart is a primary estimate that should provide enough information to determine whether you want to submit an application or not.
