COMPANY PROFILE

Pivot

In April 2020, during the first national lockdown in the Philippines, IBUZZ Virtual Academy was launched to address the training requirements of its clients. During that time, students taking OJT or practicum training were no longer allowed by CHED to go back to their respective training venues. To fulfill their required number of practicum hours, IBUZZ Travel and Tours designed several training programs under its training arm: IBUZZ Virtual Academy.

Since its conception in April 2020, it has to date served more than 8000 trainees, established 30 school networks and six (6) training programs designed for Business, IT, Tourism and Hospitality Management students.

These training programs are as follows:

- The World of Cruising
- Travel Entrepreneurship
- Wine Essentials with Professional Sommelier
- Cloud Kitchen and Virtual Restaurant
- Basic Flight Attendant
- Virtual Assistan Training

In April 2022, IBUZZ Virtual Academy is officially registered in the Securities and Exchange Commission under the business name: IBUZZ Training and Consultancy Services, Inc.
