

Cataract Surgery Costs Estimates 2022

Thank you for your decision for cataract surgery with Swedberg Eye Care. We look forward to seeing you through the entire process.

Cost is always an important consideration in any medical treatment. Below are several examples of out-of-pocket costs associated with this procedure.

These examples only show costs associated with Swedberg Eye Care and do not reflect the costs of the surgery center or the costs of the lens you choose. All patient costs are dictated by your insurance company, we have no say on what your insurance company will charge you. All prices are estimates and do not reflect your exact insurance plan.

Before your surgery, Proliance Surgeons will contact you and go over their costs.

ALL PRICES REFLECT ESTIMATED OUT OF POCKET AND DOES NOT INCLUDE YOUR DEDUCTIBLE OR YOUR INDIVIDUAL INSURANCE PLAN. SELECTION OF THE TORIC LENS WILL INCREASE THE TOTAL COST OF THE SURGERY.

Drops are not paid for by insurance and are a separate charge. Refraction is not paid for by most insurances and those that do, require vision insurance which we do not accept and are not in network with. You can self-submit that charge for reimbursement from your vision insurance.

All charges are per eye:

Insurance	Procedure	Charge	Typical Out of Pocket
UnitedHealthcare	Cataract Removal	1250.00	0.00
	DROPS per bottle	60.00	60.00
	Refraction Test	70.00	70.00
Regence Federal	Cataract Removal	1250.00	82.00
	DROPS per bottle	60.00	60.00
	Refraction Test	70.00	70.00
Premera	Cataract Removal	1250.00	85.00
	DROPS per bottle	60.00	60.00
	Refraction Test	70.00	70.00
Regence Med Adv	Cataract Removal	1250.00	136.00
	DROPS per bottle	60.00	60.00
	Refraction Test	70.00	70.00
Medicare	Cataract Removal	1250.00	110.00
	DROPS per bottle	60.00	60.00
	Refraction Test	70.00	70.00
All Insurances	Toric Lens Insertion	350.00	350.00

To get a better estimate of your out-of-pocket please call your insurance company customer service number on the back of your insurance card and ask what portion you are responsible for with these common cataract surgery service codes.

66982, 66983, 66984, 66985, 66986, V2787. Refraction 92015

Ask your insurance company:

I am having cataract surgery, am I covered for (code)?

How much out of pocket will I have to pay for (code)?
