Leeds Group plc ("Leeds Group" or "the Group") Final Results for the year ended 31 May 2024 and Notice of AGM

Leeds Group announces its audited final results of the Group for the year to 31 May 2024 and that its Annual General Meeting will be held at 11.30am on 20 November 2024 at the Radisson Blu Hotel, Chicago Avenue, Manchester Airport, M30 3RA.

Strategic Report

Chairman's Statement

For many years, Hemmers, the main subsidiary of the Group, had been loss making and the Directors had looked at all the various options available to return Hemmers to profitability. In the end, the Directors believed that Hemmers, in the long term, was not able to operate as a profitable standalone entity and that the best interests of Hemmers would be better served as part of a larger organisation reflecting the general consolidation that is taking place in the textile market and thereby offering economies of scale in terms of purchasing and sales. The Directors, therefore, concluded that it was in the best interests of shareholders to sell Hemmers.

On 26 March 2024, Leeds Group announced that the sale of Hemmers had been completed. The cash consideration of £501,000 was based on the net book value of the assets of Hemmers, excluding its three properties, less an agreed discount. The Group retained the three properties, through its subsidiary company LG Nordhorn, and secured an agreement with Hemmers to lease all three of the properties. However, Hemmers has recently given notice on one of the properties effective 30 November 2024 and this property is now being marketed for rental.

Following the sale, Leeds Group was considered to be an AIM Rule 15 cash shell as it no longer had any substantial trading activities. Under the AIM Rules, the Company had six months from the date of sale to either make an acquisition, which would constitute a reverse takeover under Rule 14 of the AIM Rules or be re-admitted to trading on AIM as an investing company under the AIM Rules (which requires the raising of at least £6 million) failing which its shares would then be suspended from trading on AIM pursuant to Rule 40 of the AIM Rules. As previously communicated, the Company has not been able to meet these requirements and therefore, the Company's shares were suspended from trading on the AIM market was suspended on 30 September 2024. Once suspended, the Company's shares cannot be traded. The Company's shares will be automatically cancelled from admission to the AIM market six months from the date of suspension, should the reason for the suspension not have been rectified.

The Directors have considered other trading platforms to the AIM market including the AQSE Growth Market. However, an AQSE admission condition was that the Company had a market capitalisation of a minimum of £2m. Unfortunately, the Company has a current market capitalisation of £1.7m and, therefore, the Company is not eligible to apply to the AQSE Growth Market at present. However, the Directors are considering alternative options so that shareholders will be able to trade their shares in the future.

The Directors will continue to work to secure the best outcome for all shareholders and maximise the share value for shareholders.

Finance and Operating Review

Business review

Group Highlights

The Group sold its main trading subsidiary, Hemmers on 26 March 2024. Hemmers is an international textile business engaged in designing, importing, warehousing and wholesaling of fabrics from its base in Germany. The company had struggled as a standalone business in the last few years and the Directors believed that the sale was in both the Group and Company's best interests.

The cash consideration of £501,000 was based on the net book value of the assets of Hemmers, excluding its three properties, less an agreed discount. The Group retained the three properties, through its subsidiary company LG Nordhorn, and secured an agreement with Hemmers to lease all three the properties effective 30 November 2024. However, as Hemmers has recently given notice to vacate one of the properties, the property is now being marketed from rental.

The effect of the sale was as follows:

| £000 |
|---------|
| 501 |
| (685) |
| (2,634) |
| (2.818) |
| |

Included within the costs associated with the sale are costs associated with the transfer of the properties to LG Nordhorn of £397,000.

Fixed Assets

The net book amount of tangible fixed assets is £5,045,000 which relates to the freehold warehouse and office buildings in Nordhorn, Germany retained by the Group following the sale of Hemmers. The properties are leased back to its former subsidiary, Hemmers and are regarded as investment properties in these financial statements.

Working Capital and Cash Flow

The Group has loans of £1,704,000 with KSK Bank which are secured on the properties. The long-term loan of £1,022,000 is secured on the properties and is payable in monthly equal instalments commencing 15 December 2024 until 15 August 2028. The short-term loan of £682,000 is also secured on the properties. This is repayable by 25 February 2025; the loan may be repaid earlier depending on whether the Company receives the proceeds of the German withholding tax refund of £548,000 or monies expected from the KMR insolvency of £660,000. The expected distribution from the KMR insolvency still needs to be confirmed by a German Insolvency Court.

The Group monitors its working capital requirements to ensure it operates within its current banking facilities. During the year, the two major shareholders (through companies controlled by them) provided bridge financing loans amounting to €2m to assist with funding costs associated with the sale of Hemmers. The loans were substantially repaid (€1.9m) by the year end through securing loans from KSK Bank.

Net Asset Value

Net assets decreased in the year by £6,091,000 as follows:

| | Net assets £000 | Per share pence |
|--------------------------|--------------------|-----------------|
| At 31 May 2023 | 10,439 | 38.2 |
| Loss after tax | (3,942) | (14.4) |
| Foreign currency reserve | (2,149) | (7.9) |
| At 31 May 2024 | 4,348 | 15.9 |

Principal risks and uncertainties

The Board has identified the main categories of business risk in relation to the Group's strategic aims and objectives, and has considered reasonable steps to prevent, mitigate and manage these risks. The principal risk identified is as follows:

Funding risk

The Group has a combination of a short-term loan and long-term loan both secured on the Group's freehold premises. The Group remains dependent upon the support of the funder of these loans. The Group has close working relationships with their current funder but believes alternative banking funders could be secured if required.

The Directors consider that there will be sufficient headroom available within its working capital facility and, therefore, the Directors are of the opinion that it is appropriate to apply the going concern basis of preparation to the financial statements. However, the Directors do recognise that there is a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern, as referred to in Note 1.

Section 172 Report

Leeds Group is committed to acting ethically and with integrity throughout all its business dealings and relationships. It is important to the Company and its subsidiaries that trusted business relationships are established and maintained with key stakeholders, customers and suppliers and that it invests in and supports all its employees equally.

The Directors have always acted in accordance with their lawful duties, which includes their duty to act in good faith to promote the success of the Group for the benefits of its shareholders, having regard to its stakeholders and matters set out in Section 172 (1) of the Companies Act 2006.

The Directors have regard (among other matters) to the following:

- (a) the likely consequences of any decision in the long term;
- (b) the interests of the company's employees;
- (c) the need to foster the company's business relationships with suppliers, customers and others;
- (d) the impact of the company's operations on the community and the environment;
- (e) the desirability of the company maintaining a reputation for high standards of business conduct; and
- (f) the need to act fairly as between members of the company.

Section 172 considerations are embedded throughout the decision making of the Board. Issues, factors and risks which the Directors have considered when discharging their duty under section 172 (1) are further detailed in the Chairman's Statement, Directors' Report and Corporate Governance Report contained within these report and accounts.

The two major shareholders are represented as non-executive members on the Board. The Board recognises the importance of effective and transparent dialogue with shareholders and ensuring that non-management shareholders understand and support the Group's strategy and objectives. The Board meet quarterly on as formal basis, and ad hoc, as necessary, throughout the year. The Board is more than happy to engage with shareholders at any time and answer questions they may have. The AGM is a formal meeting at which to have this dialogue.

The Board looks to ensure the systems, processes and controls established to manage its businesses to the highest standards. The properties owned by LG Nordhorn, are managed by Langer ProjektPlus GmbH, an external property management company. Regular dialogue is maintained with the management company. Staff employed by Leeds Group are encouraged to discuss any concerns or issues they may have with their line manager who are always available to meet staff if necessary.

The strategic report was approved by the Board of Directors on 21 October 2024 and signed on its behalf by:

Notes

1. Basis of preparation

The Group financial statements have been properly prepared in accordance with UK adopted International Financial Reporting Standards (UK adopted IFRS) and in accordance with the Companies Act 2006.

Going Concern

When considering its opinion about the application of the going concern basis of preparation of the financial statements to 31 May 2024, the Directors have given due consideration to:

- The future plans of the Group and the robustness of forecasts for the next 12 months from the approval of these financial statements, which return the Group to a modest profit.
- The financing facilities available to the Group and the circumstances in which these could be limited or withdrawn.

Future plans and forecasts

The Group's principal activity is owning and managing a portfolio of investment properties in Germany through its subsidiary. In making the going concern assessment, the Board has considered the Group's current financial position, its ability to meet future rental income targets, and expected operational expenses, including property maintenance, taxes, and administrative costs.

Forecasts have been prepared for the next 12 months from the approval of these financial statements which indicate a return to modest profit over that period. The key assumptions include continued payment of rental income in accordance with the lease agreements, estimated future costs and the continued support of lenders. The rental income is deemed to be sufficient to cover the forecast costs of the Group and the rental agreements are in place until November 2028. The forecasts also take into account reasonably possible changes in trading performance and external market factors, including an assessment of potential risks related to rental income fluctuations, occupancy rates, and any material changes in property values.

Financing facilities

The Parent Company, which has no bank borrowing facilities, is located in the UK. The property rental business, LG Nordhorn located in Germany has two loans as follows, repayment terms are set out in note 7:

- A short-term loan of €0.8m (£0.7m) secured on the properties at Nordhorn.
- A long-term loan of €1.2m (£1.0m) secured on the properties at Nordhorn.

The Directors consider there will be sufficient operational cash flow generated within the business and, therefore, the Directors believe that the Group will continue to operate as a going concern for the next 12 months and beyond from the approval of these financial statements. The financial statements have, therefore, been prepared on a going concern basis. However, the Directors acknowledge that a material uncertainty exists which may cast significant doubt on the Group's ability to continue as a going concern. This is in relation to the recoverability of two receivables included in the Group accounts, the refund of the German withholding tax paid and monies expected from the KMR insolvency. Should these receivables be received later than expected, additional financial support from the bank or major shareholder may be required to facilitate the repayment of debt due within the next 12 months.

2. Dividends

The Directors do not recommend the payment of a dividend in 2024 (2023: £nil).

There are no contingent warranties that need to be included in these financial statements.

As part of the sale, the properties held by Hemmers at Nordhorn in Germany were transferred to LG Nordhorn and retained within the Group as an investment property. Hemmers have entered into lease agreements to lease back the properties.

Year ended 31 March 2023

On 7 October 2022, the German Courts accepted Hemmers' management decision to place its subsidiary KMR into an insolvency process. The insolvency process is ongoing although full control passed to the insolvency administrator on 1 January 2023 and at that point KMR ceased to be a subsidiary within the Group. The gain has arisen due to the assets being transferred to the insolvency administrator and any IFRS adjustments reversed. There was no tax impact on the gain which arose on transfer.

8. Other information

The financial information in this financial results announcement has been prepared by the Directors using the recognition and measurement principles of United Kingdom adopted International Financial Reporting Standards ("UK adopted IFRS"). The financial information for the year ended 31 May 2024 does not constitute the statutory accounts of the Company for 2023 and 2024 but are extracted from the audited accounts.

The statutory accounts for the year ended 31 May 2024 and 31 May 2023 have been reported on by MHA, Statutory Auditor. The Independent Auditor's Report on the Annual Report and Financial Statements for both 2024 and 2023 was qualified and did not draw attention to any matters by way of emphasis. Both the Financial Statements for 2024 and 2023 did not contain a statement under 498(2) or 498(3) of the Companies Act 2006.

- The Independent Auditor's Report on the Annual Report and Financial Statements for the year ended 31 May 2024 was qualified on the basis that they were unable to obtain sufficient appropriate audit evidence to verify the recoverability of the monies expected from the KMR insolvency of £660,000 included in trade receivables in the balance sheet.
- The Independent Auditor's Report on the Annual Report and Financial Statements for the year ended 31 May 2023 was qualified on the basis that they were unable to obtain sufficient audit evidence in respect of the subsidiary KMR and its performance, as stated within the Consolidated Statement of Comprehensive Income under discontinued operations.

In auditing the financial statements for the year ended 31 May 2024, the Group Auditors have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. However, the Independent Auditor's Report draws attention to note 2 in the Group financial statements (note 1 above) which states that the Group and Parent Company's operational existence is dependent on the recovery of German withholding tax and monies due back from the KMR insolvency. The impact of this together with other matters indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. The auditor's opinion not modified in respect of this matter. An extract from the Independent Auditor's Report is set out below:

We draw your attention to Note 2 in the financial statements which indicates that the Group and Parent Company's operational existence is dependent on the recovery of German withholding tax and monies due back from the KMR liquidator. Should these receivables become overdue or be received late, additional financial support may be required to facilitate the repayment of debt due within the next 12 months. The impact of this together with other matters set out in the note, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the Directors' assessment of the Group and Parent Company's ability to continue to adopt the going concern basis of accounting included:

Our evaluation of the Directors' assessment of the Group's and the Parent Company's ability to continue to adopt the going concern basis of accounting included:

- The consideration of inherent risks to both the Group's and the Parent Company's operations and specifically their business model.
- The evaluation of how those risks might impact on the Group's available financial resources.
- Review of the mathematical accuracy of the cashflow forecast model prepared by management and corroboration of key inputs and assumptions to supporting documentation for consistency of assumptions used with our knowledge obtained during the audit.
- Challenging management for reasonableness of assumptions in respect of the timing and quantum of cash receipts and payments included in the cash flow model.
- Holding discussions with management regarding future financing plans, corroborating these where necessary and assessing the impact on the cash flow forecast.
- Review of the Group's external debt exposure to determine if any future repayments have been included within the Group's cash flow projections.
- Holding discussions with management and completing reviews of any events after the reporting period to identify if these may impact on the Group's ability to continue as a going concern.

The statutory accounts for the year ended 31 May 2023 have been filed with the Registrar of Companies. The statutory accounts for the year ended 31 May 2024 will be delivered to the Registrar of Companies following the Annual General Meeting. The Annual Report and Financial Statements giving notice of the 2024 Annual General Meeting, have been today published on the Group's website at www.leedsgroup.plc.uk and have been sent to those shareholders who have elected to receive a hard copy of the Annual Report and Financial Statements by the post.

The Annual General Meeting will be held at 11.30am on 20 November 2024 at the Radisson Blu Hotel, Chicago Avenue, Manchester Airport, M30 3RA.
